

Dear Expectant Parent,

**The Sunshine Coast Private Hospital** proudly supports the Sunshine Coasts top Obstetric Specialists who give their specialist care at our Maternity Unit. (a list of these Doctors is attached).

Our Obstetricians, combined, have an effective team approach within our unit and are all happy to work with each other within our 'On-Call' roster system which is an after-hours / weekend rotation. This has been implemented as fatigue has been identified as a risk factor in adverse outcomes in many trials within obstetric units. This will ensure that we provide optimal care for all our patients.

For any further details, please do not hesitate to contact our Maternity Unit.

Sincerely,

**Kerry Willcocks RM**  
Clinical Nurse Manager  
4B Maternity & Surgical Unit
